INTERWOVEN

Transform Your Content into Capital

Empower Your Marketing

Best-in-class content management solutions play an essential role in maximizing the business value of a portal by ensuring that customers and partners are never exposed to inconsistent, outdated, inaccurate, or irrelevant content. By enabling marketers to transparently contribute and manage their content, our Autonomy Interwoven solutions deliver vibrant and relevant web portals, driving more traffic to your business.

Insight into Interwoven

Autonomy Interwoven is a global leader in content management solutions. Interwoven's software and services enable organizations to maximize online business performance and organize, find, and govern business content. Interwoven solutions unlock the value of content by delivering the right content to the right person in the right context at the right time. Global enterprises depend on Interwoven to maximize online business performance by streamlining the way you create, deliver, and optimize online content. Interwoven solutions power over 15,000 Websites, intranets, extranets, and portals globally—helping companies deliver billions of Web pages every day.

Interwoven Web Content Management is a next-generation solution that addresses the challenges of our increasingly dynamic and digital world. The Interwoven platform automates the entire process of managing content across Websites, portals, intranets, and extranets, including authoring, site design, application deployment, content targeting, site analytics, and optimization. This allows marketers to exploit new opportunities, drive business growth, get to market

Why TechAspect?

TechAspect is an Autonomy Interwoven Certified Partner offering a complete range of services on Interwoven products from strategic consulting through to development, implementation and support. TechAspect is expert in all of the Interwoven Products namely TeamSite, SitePublisher, LiveSite, OpenDeploy, DataDeploy, MetaTagger and WorkSite.

TechAspect has been delivering Interwoven solutions since 2000. We know how to leverage all the features of Interwoven products to develop cost-effective, fully-optimized content management solution for your enterprise.

Our Interwoven Solution categories:

Product Implementation/Upgrade Solutions

TechAspect has been implementing TeamSite WCM solutions for nearly a decade. We leverage our experience to quickly understand your business process and configure the product quickly. This can get you started working with the systems immediately.

Content Migration

At TechAspect, we bring you a detailed and robust Content Migration Solution which ensures smooth & efficient data transfer and reduces the cost, time,

quickly, and protect their brand. At Interwoven's WCM core are simplified processes, rich interfaces, and a highly scalable infrastructure-, which can be managed by marketing and business users without undue reliance on IT.

Interwoven WCM Benefits:

- » **Faster Time-to-Web, From Days or Weeks to Minutes or Hours**
- » **Dramatically Improve Productivity with Minimal Cost**
- » **Leverage of Existing Investments in Technology**
- » **No retrofit, easy integration, and enhanced value of applications**
- » **Enforce Compliance Regulatory and business process**
- » **Preservation of the Corporate Brand**
- » **Increase value associated with products or services**
- » **Improved Customer Satisfaction**

risk, and resources involved in this task. It is a mix of automated and manual migration steps that ensures all the data is accurately migrated and no assets are lost or misplaced.

TeamSite Audit

TeamSite audit is performed over two days by an experienced TeamSite consultant and involves no further obligation on your part. The conclusions from the audit will be used to provide you with a list of recommendations based on industry best practices.

Maintenance/Support

We assign a dedicated TeamSite support person to work with you to resolve day-to-day issues in using TeamSite. Whether the issue is a pesky permission problem, a server gone down or a template not generating the page our experienced support personnel are adept at quick and accurate error resolution that helps reduce the downtime of the system.

We realize the time and effort that goes into producing content. We can help you obtain the maximum benefit out of it and transform it into real CAPITAL.
